Salisbury PRO-WEAR® Lift Front Arc Rated Hood

This lift front hood is a lighter, more comfortable arc flash hood that provides users with increased visibility, breathability and safety. Shield and chin guard offer an additional 45 degrees of vertical view over standard hoods. Vertical peripheral vision field increases by 109% which allows for a clearer view of surroundings. Allows for use of task lights to add much needed convenience lighting in dark work places. Contains 60% less fabric weight than standard hoods which makes it lighter and more comfortable to wear. Industrial design creates a natural ventilation system beneath the brim of the hard hat. 2-layer, 9 oz/yd² over 9 oz/yd². Arc rating equals 40 cal/cm², PPE Level 4 protection.
